"Forge thy tongue on an anvil of truth, and what flies up, though it be but a spark, shall have weight." --PINDAR

BY BURNIS K. LAWRENCE

### NO MATTER WHERE

... a person travels or how long he is gone, it's still nice to get home. And the Lawrence family proved to be no exception when we pulled into town at 9:30 a.m. Saturday, after getting up at 4:20 a.m. in Big Spring to begin the last leg of our journey.

Entering Hondo Saturday ended a wonderful 6,000 miles of memorable scenes such as mountains, an ocean, ships, rivers--hundreds of scenes that would take one's breath away. But none were more pleasant to the eye and warming to the heart than that sign which said "Hondo, Texas."

One thing I received plenty of during the trip--joshing about Texas and my Texas accent. Many out-of-state residents think of Texas only as a waste land of desert, mesquite and endless miles of nothing. When you explain the State has many beautiful areas they are prone to lift an eyebrow and say: "Oh?"

But, if you take a trip to foreign land (anything outside the continental boundaries of Texas) don't let them kid you about the barren soils of the Lone Star State--for all the states we traveled through had some of the same--Wyoming, Colorado, Idaho, Washington, and Oregon.

### UP NEW BRAUNFELS

... way we have new subscribers in Mr. and Mrs. Wesley Moehring, son and daughter-in-law of Mr. and Mrs. Edward Moehring of Hondo. The New Braunfels residents always enjoy reading the Herald so their Hondo parents just sent them a three-year subscription. We say, "Thanks".

### LIKE A NEWCOMER

... I enjoyed a guided tour of the Hondo High School plant Monday morning. Supt. Kenneth Flory served as guide and gave me an interesting glimpse into a changing picture in our local system.

First, he showed me the new eight-room addition to the high school. One of the new rooms will house one of our school newest course, vocational office machine operation.

For the first time in the history of our schools students will learn by doing vocational office work on electric typewriters and calculators. This excellent training will be taught by Mrs. Bud Gwartney and will provide our young people with an added know-how when they begin looking for jobs or take advanced training.

Down at Lacy Gym Jack Heath will instruct vocational shop in another new course for Hondo. Combined with the above course, this adds up to excellent learning opportunities for our students.

Across the street at Barry Field, Flory proudly pointed out work being accomplished, such as a new grass cover for the entire surface, new seating capacity in the Hondo student section, a new seating capacity for scouts and the new lighting system which will provide twice the amount of light than has been available.

Tom Bridges was kidding Flory about some of the spots on the field where the grass has not reached the density needed to cover all the ground. "Don't you worry," the Superintendent told him, "my agricultural advisor Rene Aelvoet and I have it all planned, and there will be a fine cover of grass when football season opens some two and one-half months from now."

Workers for the sub-contractor on the field lighting pulled an expensive "fallout" last week when they dropped one of the

## Have a sausage!

... In fact you can have plenty of sausage at the Second Annual Hondo Volunteer Department Sausage Supper Saturday, July 8, at Hondo City Park. Or that is what these two Firemen say. Maurice Zerr, left, and Glenn McWilliams visited Nester's Wednesday to check on how the sausage is hanging. On display Saturday night will be the new \$25,000 fire truck recently purchased by the Department and partially paid for from monies contributed by the public through the annual Carnival and Dance, donations and the Sausage Supper. Come see it and enjoy a fine meal!

### Fire Department Plans

## Sausage Supper Saturday night

If everyone in Hondo wants to fast until Saturday, members of the Hondo Volunteer Fire Department know

where they can get plenty of fine sausage to satisfy that hunger. In fact they would like

for all residents to work up a big appetite and take it to the City Park Saturday (July 8) evening for the Second Annual Sausage Supper sponsored by the Hondo Volunteer Department.

Serving begins at 6 p.m. and meals can be eaten at the park or they will be served to go. Costs are only \$1.50 for adults and \$1.00 for children.

This event began last year to boost the fund needed by the Department to purchase a new fire truck. It proved successful as a fund-raising project and this year Firemen are hoping to pay off the remaining \$6,000 owed on the \$25,000 truck delivered in May of this year.

Elmo Pope is serving as president of the Department this year and is being assisted by Charles Lutz as Chief and Hilmer Mueller as Assistant Chief.

"Last year our Sausage Supper was a rushed affair but the response from local and area residents proved terrific," Pope said. "We now intend to have the Supper as an annual event and feel the public will support us through their attendance."

## Neighborhood

## Youth plan helps 36

The work force at the Hondo Independent School District has increased by 32 this summer and that just might mean that the scholastic enrollment this fall will not suffer some dropouts.

Thirty-two young men are employed in the Neighborhood Youth project which is designed to help young people who need assistance to remain in school.

Supt. Kenneth Flory said Monday that these young men work a total of 26 hours each per week at the minimum wage of \$1.60 per hour. They will be employed a total of nine weeks.

"And they are doing fine work," he pointed out. "They have completely repainted the fences and other iron work around the football

field, cleaned up the campuses and performed other useful tasks."

The Superintendent invited local residents to drive by the football field and see the spic-and-span shape it is in right now. He feels this Federally-sponsored program has served two purposes in Hondo, employing these young men so that they may earn needed money and accomplishing some worthwhile work projects.

Ernest Gutierrez and Santos Lopez of the school maintenance staff are in charge of supervision for this group of workers. They work them two nine hour days and one eight hour day, with all workers reporting for one day and then being split into two groups the other days.

### In Texas Star

## County to receive publicity

Articles about the state's greatest "garage sale", a former train depot that evolved into a museum, and a carpenter who began making guitars after being crippled with polio will provide a reading in next Sunday's "Texas Star".

Working on the premise that "junk is a matter of opinion," the citizens of Canton produce the "granddaddy of flea markets" on the first Sunday and Monday of each month. Suzanne Copeland writes about this innovative idea that some-

times swells Canton's population as much as ten times on its Trades Days.

Another group of innovators, residents of Hondo, have proved that modern life does not have to lead to an obliteration of history. Burnis Lawrence captures history for the taking in this article about the conversion of a 73-year-old train depot into a museum.

It took a lot of imagination, but a Dunlap carpenter (Bob Breiten) found a new direction for his life after polio denied him his life's

work. Nicholas H. Fohn describes how skill, determination, and a closely-knit family steered Breiten toward his new craft.

In other features, Delece Parmelee tells the captivating tale of the daring young Texan who thrilled the nation with her airplane antics in the early 1900's. Star Hostess Mary Faulk Kooch offers recipes for scrumptious blueberry desserts, and Editor Jimmy Banks comments on the Democrats' tendency to "self-destruct."

### Agricultural Outlook

## Grain crop total to hit \$3.2 million

It's going to be a good year for maize and corn, reports County Agent Glenn Bragg. Barring such unfore-

seen problems as floods or other disasters, this year's crop should see the highest yields in recent years. Act-

ually it should run only slightly above the long-run average for the county, but in comparison with the past several years, it is much higher than was anticipated at planting time.

The combination of heavy yield, fair prices, and good weather could cause the Medina County production to top \$3.2 million.

Maize combining was reported slowed by scattered showers which struck the county on the 4th of July. As of Wednesday, Chapman's had received maize shipments from LaCoste and some from Mrs. George Elise of Hondo, but most local producers will be delayed by the showers.

Earliest maize in the County was shipped by Pat Lamon of LaCoste, whose grain tested 13.90 moist and brought \$2.05 cwt.

The only foreseeable problem in the picture is, aside from weather, the sheer volume of harvest, which may cause prices to be lower compared with those of the past few years. A large supply nationwide of carry-over corn will lower generally the feed grain prices.

Estimating the milo acreage at a conservative 70,000 acres for the county, Bragg said the harvest should bring an estimated \$3,220,000 to county farmers.

Corn should be better this year than last year also, and by a large margin. This should be one of the highest yields ever made, reports Bragg.

Broomcorn Harvesting of broomcorn is about 75 percent complete in the County and the yield has been exceptionally good, according to Bragg and George D. Koch.

So far very few buyers have shown up.

The 1200 acres planted this year is much less than in previous years.

### Un-official Weather

The Taylor-Chapman Rain Prediction and Reporting Service has carded another triumph. After one false-alarm cenizo blooming spree last week caused momentary embarrassment to both plants and predictors, the pair of perennial limberiders correctly (if privately) predicted the traditional 4th of July rain as early as Monday morning.

Results are as follows: Hondo, .80 inch; Floyd Saathoff, 1.10"; Tom Hollmig, 1.10"; J. and D. Finger, 1.00"; AL Hollmig, .90"; Rancho Chico, .75"; C. Wolff, .75"; Arthur Lutz, .75"; and George Koch, .90".

And it's not all over yet, either. For the week of July 18 through July 26, not one but two early-morning moon changes, at 1:46 and 1:24 a.m., and we all know that early morning moon changes mean rain.

### Young Farmers meet President

Hondo Young Farmers who attended the Area Field Day at Fredericksburg Saturday, June 24, were surprised when Lyndon Johnson personally conducted the tour of the LBJ Ranch and invited the group to his home for refreshments.

Other stops of the Field Day was a tour of the Kirshburg Catfish Farm, a catfish lunch and a tour of a peach orchard.

Hondo Young Farmers attending included Glenn Dittmar, Wilbur Lindeburg, William Reus and Jerry Turrentine.

## Visit with President Johnson

Area VII Young Farmers gathered on the Summer White House lawn for refreshments after a tour of the LBJ Ranch near Stonewall which was personally conducted by former President Lyndon B. Johnson. President Johnson is shown standing near the

center of the group while Hondo Young Farmer members Fred Yanta, Wilbur Lindeburg and William Reus stand immediately to the right of the President. Jerry Turrentine and Glenn Dittmar are not pictured. (Photo by Glenn Dittmar)

## Let an Electric Dishwasher Do your Dirty Work!

The task of washing dishes frequently is the only reward given to the person who has prepared a delicious meal. One solution to this shameless situation is an electric dishwasher—one of the greatest labor-saving appliances ever developed. Just put dirty dishes, glassware, silverware and cooking utensils in. Add soap powder and set the automatic switch. Then join in the family's after dinner pleasantries.

Everything comes out clean, dry and sanitary. And it's all made possible by clean, flameless electric power. An electric dishwasher saves time and energy . . . and keeps your pretty hands out of hot water!

Enjoy the economy of an automatic electric dishwasher. Next to an electric range, it's the cook's best friend!

### A PROGRAM

. . . underway at the Hondo schools this summer is the Neighborhood Youth project which employs 32 young men for painting, cleanup, maintenance and other work around the campuses.

Financed under a Federal program the NYC plan pays each young man minimum wage of \$1.60 per hour. They work 26 hours per week, thus giving them income with which to help their families and provide a little for attending school this fall.

Many will be quick to declare this is one of the best type of anti-poverty programs. It not only helps these young men earn money, but it has them doing jobs that help the community at the same time.

This area wide project is located in Eagle Pass and it has provided jobs for two persons in the library, one at the Soil Conservation office and one at the County Agent's office.

### Firemen battle grass blaze

Hondo firemen battled a stubborn grass fire for more than four hours Thursday afternoon and evening (June 29) before bringing it under control. The blaze was first reported about three o'clock Thursday afternoon at the old Jake Saathoff farm northeast of Hondo near Quilch.

Hondo fire units fought the blaze for several hours before apparently bringing it under control, but were called several hours later when the fire ignited a second time. Fire units responded a second time about six o'clock that evening and a second alarm was sounded about 7:30 for more assistance. The fire was finally extinguished about 9 p.m. Thursday evening.

Hondo Fire Chief Charlie Lutz said the blaze burned between two and three hundred acres but caused no damage to any buildings, or any injuries.

Earlier this week fire units were called to the Yancey Road area to an apparent false alarm. Firemen responded to the call Thursday night about 9:30 but were unable to find the fire.

Worth, Houston, Columbus, Alice, Corpus Christi, LaPorte, Irving, Flatonia, Austin, New Braunfels, San Antonio, Castroville, Hondo and D'Hanis.

The business meeting was conducted by Raymond Batot of Dallas. Traveling the farthest distance for the reunion was Mark Haynaris of New Foundland.

As well as getting together for the reunion, the group was gathered to celebrate the 89th birthday of John A. Batot of D'Hanis, the eldest descendant of the Batot family. To the pleasure of all, John Batot entertained the group by singing songs both in German and in English. The elderly gentleman brought much nostalgia to the group with his songs of yesterday.

Also entertaining the Batot descendants with polkas and German songs was Miss Luray Huegele, accompanied by her mother, Mrs. Thero Huegele, on the accordion.

## Rev. Durkop honored on 60th Ordination Anniversary

On June 25, 1972, the members of the ALC Bethlehem Congregation at Qulhi honored their pastor, Rev. William N. Durkop with a special service and supper on the occasion of his 60th Ordination Anniversary.

Rev. G. Wolf, Fredericksburg, held the service in the afternoon with several guest pastors and friends offering their greetings and congratulations to Pastor Durkop.

Present for the occasion were his son, Rev. Luther Durkop, Locknee; his daughter, Mrs. Dan (Marguerite) Johnson, Hayward, California; Rev. Walter Hildebrandt, Knappa; Rev. Clarence Bohls, Helotes; Rev. E. R. Ahrlinger, Fredericksburg; Lt. Col. Chaplain (ret.) C. A. Lehme, San Antonio; Mrs. A. N. Hannebann, representing Hondo; and one of Pastor Durkop's confirmation classes represented Brietel Memorial, San Antonio.

William N. Durkop was born in Blue Island, Illinois, August 21, 1886, the son of William and Margaret Durkop. He began his education in his church parochial school and graduated from the Luther Theological Seminary, St. Paul, Minnesota. He received his first call in Canada and was ordained on May 30, 1912. He was the fifth youth of the First Lutheran Church, Blue Island, Illinois, to become a Pastor.

On June 12, 1912, Pastor Durkop married Miss Marie

L. Trapp. This union was blessed with three sons, William (Bill), Luther, and David and one daughter, Marguerite. Sons David and Luther are also pastors in the American Lutheran Church. There are ten grandchildren and two great-grandchildren.

Ordained and married the same year, Pastor and Mrs. Durkop could observe and celebrate their 40th, 50th and 55th wedding anniversary and his ordination together. Mrs. Durkop departed this life in July of 1969.

Pastor Durkop served parishes in Canada, Minnesota, Texas, Armeckville, in the Rio Grande Valley, Nordheim-Runge, and has been

in Qulhi since spring of 1963.

According to the Apostle Paul, in Romans 12:15, "We weep with those who weep and rejoice with those who rejoice." Today we REJOICE, giving thanks and praise to the Triune God-Father, Son and Holy Spirit for His kindness, mercy and grace showered upon his humble and faithful servant these many years and also for the many blessings that have come to others through the ministry of Pastor William N. Durkop.

Rev. William N. Durkop

## LEGALIZE MARIJUANA - WHY?

WHAT ARE THE CAUSES OF MARIJUANA USE?

No discussion of marijuana, whether pro or con, could be complete without consideration of those things which cause people to want to use it.

In many ways marijuana effects are similar to those which the alcohol user experiences and enjoys. Marijuana has a definite relaxing effect, which the user feels is a benefit in our type of society. It usually alters consciousness and, this too, is a pleasurable experience to many.

It would seem quite evident that reasons for using the drug vary from person to person: temperament, ego, age, life style and social and business pressures, among other things, have a bearing on whether a person will experiment with marijuana. Continued use seems to depend largely on the individual desire or need to escape the realities of life.

Dances, parties, festivals, religious experiences, often serve the purpose of the escape outlet. The occasional use of drugs to attain release is no worse than the use of non-drug methods, according to the marijuana user.

National statistics on marijuana users who have gotten into serious trouble as a result of their incoherent actions, seems to tell us quite strongly that youngsters are not emotionally stable enough to ward off the temptation of continued and increased occasion of use. Some of the reasons given for use, by those in younger age groups are...

1. Studies are too demanding, along with parental desire for top notch grades.
2. Parents do not understand the modern day child's needs caused by a much more serious atmosphere than the parents faced when they were young.
3. The desire to be "one of the group" is uppermost in the minds of young people. Whether right or wrong, legal or illegal, the need to be accepted today is seemingly overwhelming.
4. Lack of parental recognition is mentioned frequently by young marijuana users. Many feel they are not part of a close family group and they need this feeling for security. Left without such emotional comfort, they seek acceptance elsewhere.
5. Since most adult family members are not marijuana users, the young user feels marijuana is something he can call his own "thing." Father has his booze, mother her tranquilizers and cigarettes... junior needs something too.

The list of reasons youngsters use marijuana is long and often very contradictory. A "boil-down" of all reasons given would point strongly to the basic causes centering in lack of togetherness relating to family life, goals, achievement and rewards. In short, a family relationship where the family unit faces the world together and no outsider can alter the course; where the parents act as the adults and the children grow to their adulthood under a firm, guiding hand.

Professor William McGlothlin of UCLA, a man who has spent many years in research of marijuana, in every country where it is culturally significant, said, "marijuana is the least harmful of the drugs being currently illegally used by young persons. There are real dangers attached to its frequent use. Although few young people who experiment with marijuana are destined to experience the dire consequences prophesied by the early crusaders against the drug, they are nevertheless flirting with danger because of possible psychological dependence. A mature adult may occasionally use marijuana with very little risk of going on to more disruptive or disorganized behavior, but the risk for youth is much greater."

So it would seem that the long road back to normalcy, (life without the need or desire for drug abuse), will hinge on a return to stronger family loyalties, ties, esprit d'corps. Many so called "modern" parents are coming to this belief, prompted by the "handwriting on the wall." Those who would go at the problem seriously would do well to institute a family togetherness program BEFORE a tragedy strikes the home. Later is usually too late!

Obviously the problems of drug abuse are complex. But, the legalization of marijuana is, by all "horse sense" standards, a very definite step in the WRONG direction. If you agree, write the Congressman from your district and tell him why you oppose legalization. The decision may be made sooner than you think!

Next week will be our conclusion. Please join us for "Alternatives To Legalization."

## Hondo FFA sets Monday meeting to discuss State Convention

A regular meeting of the Hondo FFA Chapter is sched-

uled for 8:30 Monday, July 10, in the Vocational Agri-

culture classroom and all members are urged to be there, according to J. D. Schmidt, vocational ag advisor.

Members will discuss the State Convention, which will be coming up in Dallas July 12-14. Plans for other summer activities also will be discussed.

The Vocational Agriculture program of Hondo High

School is a 12-month program and many phases of the work and activities of the 110 members will continue during the summer months according to advisors Schmidt and John McAnelly.

"Supervising students with their crop and livestock projects and making plans and securing livestock for prospective students is a very important part of Vocational

Agriculture Education's summer program," McAnelly said.

Schmidt explained: "Other summer activities include collecting and filing teacher material, developing teaching plans, developing department and FFA budget, securing new tools and shop equipment, re-arranging classrooms and making necessary local and state re-

ports. Also, we will work with adult and young farmers of the community, placing emphasis on conducting disease and insect control practices and instituting new and improved farming and livestock practices."

The two advisors will also attend the Vocational Agriculture Teachers Conference in Fort Worth August 1-4.

## District Court

### hears two cases

Two additional cases were heard in District Court held on Wednesday, June 28, in Medina County Courthouse with Judge Ross Doughty presiding.

The first case was that of The State of Texas vs. Gene Raymon Haswell, for burglary. Haswell pleaded guilty of the charge and was sentenced to three years in the State Penitentiary. He was placed on probation. Haswell had waived jury trial as well as the provision for ten days' delay of trial following the jury waiver, reports District Clerk Francis J. Bohl.

The other case was that of The State of Texas vs. Victor Ibarra, Jr., for assault with intent to murder. Ibarra was accused of shooting Castroville Constable Joseph C. Hoog with a .22 rifle. Ibarra waived trial by jury and pleaded guilty in the case. Punishment was assessed at two years in the State Penitentiary. In waiving a jury trial, Ibarra has ten days following the verdict in which to file an appeal.

## Hondo Lions visit Mexico

Two Hondo Lions attended the Lions International Convention in Mexico City on June 27-July 2. W. W. Watson and Harry Filleman represented Hondo at the worldwide meeting of Lions.

Departing Nuevo Laredo June 26, the pair rode the Mexican rails for 26 hours to arrive at Mexico City on June 27. There they were greeted by 40,000 other Lions from throughout the world.

The Hondo Lion duo left Mexico City July 2, and returned to Hondo on July 4 after another lengthy train-ride to Nuevo Laredo. They were exhausted but held many exciting memories at the convention, city and people.

Watson has served for the past several years as Secretary-Treasurer of the Hondo Lions Club, and Filleman is a past president of the organization.

## Places second

Medina County 4H Club members Lynda and Deanna Howard of Devine placed second at State 4H Round-Up at College Station in Beef Cattle Business Junior Symposium. Daughters of Mr. and Mrs. Jerry Howard, they attend Devine High School.

D'Hanis raps  
Giants 9-5

The D'Hanis Cardinals extended their win streak Sunday as they defeated the Giants of Fredericksburg 9-5 in Hill Country League play at D'Hanis High School field.

Relief pitcher Thomas Gonzales picked up the win for the Cardinals after starter Salome Ortega ran into difficulties early in the game.

Leading hitters for the Cardinals included Chuck Burrell, who went 3 for 4 with three straight doubles, Johnny Zinsmeyer, with two doubles in four at-bats, and Ray Bendele, who had 4 hits in 5 trips to the plate.

Seven of the nine Cardinals runs were accounted for by Johnny Zinsmeyer and Ray Bendele.

## Rushing new coach

A new assistant varsity football coach has been employed by the Hondo Independent School District and will be reporting for duty with the Owls the last week in August.

Jack Rushing, a native of Leakey where his father is an elementary principal, will fill the final varsity spot under head coach James Bohls. Dan Keath holds down the other position.

Rushing also will teach social studies and physical education, but will not be connected with coaching any other sport.

The new coach was an outstanding athlete at Leakey High School and spent four years with the University of Texas Longhorns as a line-backer. He lettered two years, including the year Texas won the national championship.

Batteau, Grant  
go to WT

Two Hondo High basketball players will be playing the round ball game in West Texas this next year.

James Batteau and Eric Grant, both starters for the Owls this past season, will be attending Western Texas College, a junior college in Snyder. They will be on half scholarships for basketball.

Batteau is already at the college holding down a job this summer.

**Turner  
wins  
in arena**

Saturday night, June 24, wasn't a bad night for young rodeo enthusiast Shannon Lee Turner. At the Hondo-D'Hanis Horse Show, held at the Hondo Arena, she walked away with four trophies.

Showing "Sandy", Shannon won the first place trophy for gray geldings five years and older, as well as the Grand Champion Gelding Trophy.

Shannon also captured first place on the barrel races with an 18.80. Even with a 5-second penalty for knocking over a pole, she took fourth place in pole bending, to round out a memorable evening.

### Pedens attend pharmacy meet

Mr. and Mrs. Bob Peden of Peden Rexall Drug attended the Southwest Texas Pharmaceutical Association meeting in Carrizo Springs. The meeting was hosted by President Richard Ortiz.

The Pedens were among pharmacists from a 13-county area who came to discuss common problems and goals concerning the health of the communities they serve.

Meetings of the association provide a vital link between these communities as well as continued education in the fast-changing field of medicine.

Both Mr. and Mrs. Peden are past presidents of the association, and both currently serve on State committees. At the Carrizo meeting, Mr. Peden was appointed to head the Dave Howard Scholarship Fund for students in this area wishing to make pharmacy a career.

Mrs. Peden is the daughter of Mrs. R. O. Schumann of New Braunfels, and the late Mr. Howard, who was a prominent area pharmacist and legislator who died in 1969.

### Revival meet set

A Revival Meeting will be held at the First Baptist Church in Yancey, beginning July 12 and lasting through July 16th. Reverend Jerry Jones will be in charge of the services.

Everyone is cordially invited to attend.
